MEMORANDUM FOR THE RECORD

SUBJECT : Concurrence in Amendment No. 1 to Contract No. FL-3012
Westinghouse Electric Corporation, EQUINE-1 Project
25X1A AQUATONE ([redacted]).

1. This memorandum contains a recommendation submitted for approval of the Project Director. Such recommendation is set forth in Paragraph 5.

2. Contract No. FL-3012 was written to cover Q-56 recorder modifications in order that same would mate with the in-flight processing cameras being procured from Eastman Kodak Company.

25X1A 3. The Office of Logistics is preparing a contract to cover [redacted] requirements for field technical representatives and repair and overhaul of Q-56 equipment originally procured by this office under Contract No. FL-3011 from the subject company. Since Contract No. FL-3012 covered installation of the modifications in the field by the field technical representatives the company felt it was difficult to segregate costs from our Contract No. FL-3012 and that being written by OL. Therefore, it has been agreed with OL that their contract would include the work covered by our Contract No. FL-3012 thereby eliminating a possible duplication of field representatives charges. The Company is willing to accept a no charge termination on FL-3012 since they will have coverage for work performed by the OL contract. Project Security Officer concurred in this action since the Project is no longer interested in the Q-56 equipment.

25X1A 4. This no charge termination results in liquidation of $37,500.00 Fiscal Year 1958 [redacted] funds, the original amount obligated for FL-3012. By concurrence to this memorandum the Project Comptroller signifies that the amount of $37,500.00 has been noted for liquidation. Paid
